

THE THIRD DEGREE 2025 TIME: THE 4TH DIMENSION

WHAT WHERE WHEN GUIDE

4-8 SEPTEMBER 2025 | CENTRAL COAST, NSW

THE TEN+1 PRINCIPLES OF BURNING MAN

Burning Man has been a collaborative endeavour, bringing together people with different backgrounds, interests, outlooks and skills. Today, this growing community is served by a vibrant network connecting individuals, communities, events and organisations worldwide.

RADICAL INCLUSION

Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

GIFTING

Burning Man is devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

DECOMMODIFICATION

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

RADICAL SELF-RELIANCE

Burning Man encourages the individual to discover, exercise and rely on his or her inner resources.

RADICAL SELF-EXPRESSION

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

COMMUNAL EFFORT

Our community values creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

CIVIC RESPONSIBILITY

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state and federal laws.

LEAVING NO TRACE

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

PARTICIPATION

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

IMMEDIACY

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.

CONSENT

Consent is the foundation of The Third Degree and the reason why people can safely connect, have fun, and be themselves. Practicing consent means checking in with yourself. Before you say yes or no to something, pause and ask yourself three questions: **How does my body feel about this? What am I thinking about this? What emotions am I having about this?** All of these feelings matter and can guide you.

At The Third Degree, we use FRIES—consent that is Freely given, Reversible, Informed, Enthusiastic, and Specific. We practice “Ask First” because asking shows we care. Remember, you can always change your mind—this isn’t about being nice, it’s about staying true to what you actually want. If you have any concerns about consent, find a person from the Consent Crew. They are trained to help and support our community.

EVERYONE IS WELCOME TO COME TO THE CONSENT WORKSHOP IN THE HALL FRIDAY 1PM TO LEARN ABOUT CONSENT.

Consent culture makes our community a place where everyone’s limits are respected, where asking is normal, and where people create the amazing experiences we all come here for.

We have 'deep lore' about our hammocks being carnivorous plants feeding upon your stresses, a cult that worships hammocks and other tomfoolery.

Call to action: If you've got a workshop needing a home sing out - what where when closes on the 15th so don't delay. Looks like we've become default meetup point for flow arts, or anything that would benefit from hammocks.

THE ARTS

A DOUBLE DOWN OF FLAMES

ARTIST: LUMOS

Unleashing twice the firepower, A Double Down of Flames is a hand-held art piece that takes flame effects to the next level.

Built from solid brass pipe and gas fittings, then cleverly housed in a reimagined Nerf gun shell, it fuses industrial grit with playful design. With dual barrels and 12-volt switch controls, it's part pyrotechnic sculpture, part mischievous invention—made simply because why not?

THE ARCH OF BURNER PRINCIPLES

ARTIST: CESCO

The Arch of Burner Principles. Step through this arch of signs and be reminded of the spirit of the burn. Each panel celebrates a different principle—perfect for reflection, inspiration, and a playful photo op.

BACK IN THE FUTURE

ARTIST: FOXY BOX

Step into time. The cube becomes another dimension. A comfy UV space for travelling in time together.

THE BASE

ARTIST: STARCHILD

The Base is a safe space for people in all phases of consciousness, a meeting point, the recombobulation station, a solar panel for the soul. Come by to hang out, make some LED jewellery, get your face painted, practice acro yoga, hold ceremony, or whatever you need the space to be in that moment.

THE DARK WOODS

ARTIST: SPACE CREATORS

If you go down to the woods today
you'd better not go alone.
Look up in the trees where nobody sees,
they'll hide and seek as long as they please
'Cause that's the way
the teddy drop bears ruin a picnic.

THE DREAMBOAT

ARTIST: CAPTAIN DREAMBOAT

It's a bed! It's a vehicle! It's a bedicle! It's the surrealist way to get from A to your dreams. It's the dreamiest way for burnt out Burners to get where they're going. It's the Dreamboat, floating around for your floaty pleasure. Come for the logistical lol, stay for the cosiest, snuggest, dreamiest dreamscape navigation on the paddock. See y'all in your... dreams.

FUN POLICE

**ARTIST: MOUNTAIN DREW
AKA. SGT. PAWTY CRASHER.
RACCOON POLICE DEPT. R.P.D**

The Fun Police are on patrol! Rolling in on their portable art car, they'll "arrest" anyone having too much fun—only to unleash silliness, surprise challenges, and spontaneous adventures. Wherever they go, chaos follows and the party only gets wilder.

THE KUBE

ARTIST: JASPER AND JULES

Crawl into another dimension. Inside this mirrored cube, light, lasers, smoke, and sound weave together in an intimate, multisensory journey. Part ritual, part spectacle, The Kube isn't just something you watch—it's something you inhabit. Settle in, lose yourself, and become part of the infinite universe within.

Guest track by Chris Mountford.

LORD VETINARI'S CLOCK

ARTIST: JAZ

Lord Havelock Vetinari, the ruler of Ankh-Morpork, possesses a clock in his waiting room that ticks irregularly while still keeping accurate time.

THE MAGICK TEMPLE

ARTIST: BEVANI

The Magick Temple presents: Tiny Temples & The Lazy Labyrinth. Step away from the pack and into spaces of stillness, reflection, and connection. Four Tiny Temples invite you to pause at elemental altars, each offering a moment of contemplation in nature.

At the heart lies the Lazy Labyrinth — a 9m spiral of reclaimed earth and light, guiding you on a meditative journey by day or under glowing solar festoons at night. A sanctuary for quiet minds, open hearts, and cosmic connection.

MINIBAR

ARTIST: PIPPA

Hidden in the forest, a flicker of light and the thrum of bass reveal a gnome-sized nightclub in full swing. Complete with flashing lights, a pounding metal soundtrack, and microbrewery with a working bar that serves tiny themed drinks, Minibar invites you to kneel down, peer inside, and discover a secret world where gnomes party harder than humans.

ROOM FOR REFLECTION

ARTIST: CURIOUS PRISM

Follow the NEON lights to the blacklight buddha buddy bench, for some enlightened lessons from our luminescent living room nature nook, where we'll be offering plants & platitudes, philosophy in fluorescence, and photosynthesis for the soul, in our sofa sanctuary of sayings that will leave you saying, sofa, so good.

SACRED BLOOM

ARTIST: LUMIEL

Sacred Bloom nature temple offers a space for peace, connection and play. Woven in cosmic fabric, it invites wanderers to meditate, sing, read, or simply rest held in its gentle atmosphere. Join the intention-setting ceremony at 5pm Sunday of the Burn.

SENSORY DIMENSION

ARTIST: CAER

Enter the Sensory Dimension, a world where sound becomes light. In this interactive installation, participants use textured objects to create unique sounds that transform into shifting LED colours and patterns. Paint with light, play with texture, and explore the vibrant intersection of sight and sound.

UNBREAKABLE

ARTIST: SARAH BARBERLAND - THE WITCH DOCTOR

Unbreakable is for anyone who has ever loved and lost, to anyone that felt like they could fall apart, like a piece of them fragmented, fractured. It is a tribute to human spirit of resilience. To keep going keep fighting for truth, for the most radiant version of you, because you are not too much and you are more than enough you are unbreakable.

THE WANDERERS

ARTIST: SPACE CREATORS

Whilst walking the paddock keep your eyes out for the Wanderers and be sure they'll be watching you. Interdimensional beings in various stages of transition were sent to observe human behaviour and their attitudes towards the planet. Each Wanderer blurs the line between human, machine and myth. A shifting tableau of metamorphosis, mystery and imagination.

ZEN OUT OF TEN

ARTIST: EMRAH BAKI ULAS

Zen Out of Ten, a 3 metre tall, dynamic solar-powered light sculpture, is playfully titled in reference to the Ten Principles of Burning Man. Hypnotic and recognisable, it becomes a luminous landmark in the dark. While visually engaging from a distance, it also invites moments of contemplation and reflection.
